HSF 38.14 Treatment Foster Care Training

(3) Ongoing Training

(a) Treatment foster parents shall participate in a minimum of 24 hours of training in the 12-month period following licensure and 18 hours of training in every subsequent 12-month period. The providing agency shall develop a written training plan with each treatment foster parent. The training plan shall be designed to meet the specific needs of the treatment foster parent and shall be related to the children placed in the treatment foster home.

(b) The ongoing training shall include the etiology and general manifestations of conditions children in the home are likely to possess and crisis response to those manifestations. The following topics shall be considered for inclusion in the training plan:

1. The emotional factors involved in caring for and supporting a child
2. Team building and the individual roles of other team members and developing cooperative relationships with a wide range of collaborators
3. Effective advocacy with educational programs and systems
4. Assisting children to be part of the family, community and treatment planning.
5. Permanency planning and working with the families of children placed in the home.

(c) The providing agency may require a treatment foster parent to receive up to 8 hours of additional training annually if the providing agency deems it appropriate and necessary to ensure that a child's treatment plan is implemented effectively.
